User Experience / Design

I am up to date with the latest trends in UX on both mobile and web. I have hands on experience creating flow charts, wireframes and spec docs.

I have 9 years professional experience creating pixel perfect designs. I am a branding experience and versed in cross platform compatibility through responsive design.

Soft Skills

Communication

English (written and spoken fluently)
Arabic (written and spoken fluently)

Bachelor of Business Administration Major: Marketing

Work Experience

Kaleo Apps – Project Manager *(July 2013 – Present)*

Kaleo Apps is a startup company that is creating a content management system for building phone applications. My responsibilities are:

- Project Management
- Communicating with clients
- Logic work flow design
- Wireframe design
- High fidelity mockups
- Front end development

Flywheel – UI/UX Designer *(Dec 2011 – Dec 2013)*

Flywheel is a startup company that provides a Geo tracking software that can be implemented on any smartphone. Their main focus has been in the transportation industry and has expanding rapidly and internationally. My responsibilities were:

- Project Management
- Communicating with clients
- Logic work flow design
- Wireframe design
- High fidelity mockups
- Front end development

LA Law Library – Graphic Designer *(Dec 2010 – Feb 2012)*

I came in when the Library was ready to completely reinvent itself from being a warehouse of books to a leader in research technology. I was responsible for:

- Graphic design both digital and print
- Organizing events such as Galas
- Web site maintenance
- Developing mass email blasts

Magnify 360 – Front End Web Developer *(Oct 2010 – Dec 2010)*

Serving clients such as Intuit®, MasterCard®, netSpend™, Seagate® and many more, I developed landing pages for SEO and higher click through rates.

- Front end development
- Asset extraction for web use
- Designing landing pages

Safe Mode Services – Owner *(Aug 2010 - Dec 2011)*

A business created to satisfy any marketing and communication need. Clients served:

- Vitro – An advertisement agency serving clients such as: Budweiser, Land Rover, Asics and many more
- MadainCorp - A software service provider
- GGothika - Gothic jewelry owned by a gold smith dealing with precise stones
- WeNominate.com - A voting site similar to Yelp
- Top To Toe Mobile - In home SPA service
- Skin Body Lounge - SPA
- All Star Video Games - Ecommerce site, selling vintage video games and consoles
- GG Jewelry - High end Jewelry
- City Wide Dispatch - A cab dispatcher
- Cam Caddie - Wholesaler, providing camera accessories
- Hefner Property Management - Business property management company
- Nels Kitchen - Umbrella brand for organic food products
